

## 2019 TASFAA Keynote Presentation

Have you heard of the Enneagram? The Enneagram is a centuries old tradition that describes nine personality-based approaches to life. Focusing on motivation, rather than behavior, the Enneagram will help you *#plugin* and connect to various personality types for better relationships within your office and your personal life.

Please join us Sunday evening for an “Introduction to the Enneagram” with Hunter Mobley, Enneagram Expert and Teacher. Hunter Mobley was introduced to the ancient

spiritual wisdom tool, the Enneagram, years ago when he met master Enneagram teacher, Suzanne Stabile. Hunter completed a multi-year old-fashioned apprenticeship with Suzanne as formation for his Enneagram teaching ministry at conferences, retreats, corporate events, and churches. Hunter is a teacher at Suzanne and Joe Stabile’s teaching center in Dallas, Texas.

In our time together, Hunter will teach on each of the nine Enneagram types and provide wisdom and insight into how each of the nine types can walk us toward personal growth and transformation.
